US 101, Jefferson & Clallam County – Remove Fish Barriers

RFQ Release Date: May 10, 2021

SOQ Due Date: June 10, 2021

WSDOT will use a two-step procurement process to select a Design-Build Contractor to deliver the Project. The Request for Qualifications (RFQ) is issued as the first step to solicit information in the form of Statements of Qualifications (SOQs). The SOQs will be evaluated to create a short-list of the most highly qualified Design-Builders. The short-listed Design-Builders will then be issued a Request for Proposals (RFP). The proposals will be evaluated and WSDOT will select the proposal that provides the best value, based on price and other factors.

This information is preliminary and is subject to change. **Under no circumstances should the advertisement information be used for bidding or construction purposes.**

**Engineer's Estimate:** Design-Build Contract approximately \$50 to \$70 million.

**Prequalification:** Maximum Bidding Capacity in the amount of \$70 million or higher and Work Class 6 in the amount of \$20 million or higher.

**Scope of Work:** This project will remove existing barriers to fish migration at the following US 101 stream crossings and replace with fish-passable structures in compliance with the federal injunction regarding fish passage underneath WSDOT highways:

Clallam County

- Johnson Creek, mile post (MP) 267.18
- Unnamed Tributary to Sequim Bay (Discovery Creek), MP 268.54
- Unnamed Tributary to Sequim Bay 2, MP 271.83
- Chicken Coop Creek, MP 271.98
- Eagle Creek, MP 274.25

Jefferson County

- Contractors Creek, MP 277.90

Other elements include, but are not limited to, constructing embankments, creek channel grading, paving and pavement marking, signing, temporary illumination, erosion control, and planting.

The RFQ is scheduled to be advertised on May 10, 2021. A Voluntary Submitters Meeting is scheduled for May 17, 2021. Additional details are available on the WSDOT website at: <https://www.wsdot.wa.gov/biz/contaa/Contracts/jefferson.html>.
